FabMap
Where am I?
Dennis Mund | Sebastian Denz | Alvaro Gauterin
Different flavors of FabMap

- The Original FabMap | Directly from the authors
- OpenFabMap
- OpenFabMap as a ROS package
Example images from the FabMap authors

FabMap tells us that this is a new place!
From the ReadMe.txt

- Training images should not overlap, they should be distinctive
- Consecutive frames of video are not suitable input for the algorithm, take every 30th or 40th frame
Updated Goals

- Find out why FabMap fails so hard
- Find out which flavor of FabMap tastes best

So stay tuned!
